PROJECT MANAGEMENT in INTERIOR ARCHITECTURE SERVICES

Having made his name known by many projects and having had house, hotel, office and institutional projects Alp Şahinoğlu has given a seminar entitled “Project Management in Interior Architecture Services” at the Department of Interior Architecture and Environmental Design on 10th of December. He talked about design management, time management, cost management, quality management and risk management issues. He shared his experiences with 4th class students of the Department. He emphasized what kind of rights the students will have in their Professional life and what kind of practical solutions they will have to produce for different situations. He guided students about determining problems first and categorizing them.
